5 people have recommended Bruce

"I worked with Bruce for about a year and a half during my stay at Indaba Mobile. In that period I was promoted to Technical Lead and depended heavily on Bruce's expertise in terms of making deployments, monitoring our live servers as well as providing whatever technical assistance the development team needed. And Bruce did very, often working under very severe pressure but still delivering the required assistance. I have complete confidence in Bruce and his abilities. "

— **Ray Musvibe**, worked directly with Bruce

"Bruce pays a lot of attention to detail and always double checks his work to ensure that everyone is happy with any task he takes on."

— **Sive Ndabeni**, worked directly with Bruce

"Bruce is an intelligent and talented System Engineer. His behaviour with both colleagues and clients is always professional. I feel that Bruce is an asset to any employer."
